CLAIMS NOTIFICATION GUIDELINES

This notification sheet tells you when you should report an incident/accident to England Netball, Membership Department. It is important that all incidents that may give rise to a claim are reported to us as soon as possible after the event. This will enable Insurers to carry out investigations at an early stage while information relating to the claim remains fresh in the mind. This will also ensure that you are complying fully with your policy terms and conditions.

In order to achieve this, we would ask that you notify us immediately of any incident that involves:

- A fatal accident
- An injury involving either referral to or actual hospital treatment
- Any allegations of libel/slander
- Any allegations of Professional Negligence e.g. arising out of tuition, coaching or advice given
- Any investigation under any child protection legislation
- Any circumstances involving damage to third party property

Examples of an injury

- Any head injury that requires medical treatment (doctor/hospital)
- Any fracture or Broken Bones
- Any amputation or permanent loss of use of fingers, toes or limbs
- Facial scarring or Burns
- Injury requiring physiotherapy
- Loss of sight (whether temporary or permanent)
- Emergency dental/optical expenses
- Torn anterior cruciate ligament necessitating surgery

Please note the above list is not exhaustive and if you are unsure as to whether an incident should be reported, then please do not hesitate to contact Arthur J. Gallagher.

We would remind you that in NO circumstances should you admit liability or agree to pay for any damage caused as this may prejudice the position of Insurers and COULD result in the withdrawal of any indemnity.

Finally, please note that with the liability policy, insurers decide if negligence attaches to you. Therefore any payments you make to any third parties will not necessarily be reimbursed.

INCIDENTS RECORDING GUIDELINES

We would recommend that a designated person within your organisation is made responsible to record any reportable accident. Records must be kept for at least 3 years. Names and addresses of any possible witnesses should also be recorded. From 31st December 2003 it is a requirement to use a new style accident book that is compliant with data protection legislation. It is available from HSE books. It also contains information of first aid and guidance on how to prevent accidents occurring in the first place.

The register must contain the following information relating to all reportable accidents or dangerous occurrences:

- Date and time of accident
- As regards a person at work - full name, occupations, nature of injury and age
- As regards a person not at work - Full name, status (e.g. customer) nature of injury, age
- Place where accident occurred
- A brief description of the circumstances
- Method by which the event was reported

CLAIMS REPORTING

From the 1st September 2016, injury and accident claims will need to be reported via the England Netball website.

To access this, please go to <https://www.englishnetball.co.uk/membership/insurance/> Report a Claim.

You will be asked to provide brief details of the claim and then to submit it to Arthur J. Gallagher who will contact you with the next steps.
